'Shiners On The Increase
U. S. Deputy Collector Stephen J. Cornett of Letcher county, with possemen, has returned from the Smoot Creek section in the southern end of Letcher county, where they succeeded in destroying two large "moonshine" stills. Officers also confiscated quantities of whiskey and beer, and made three arrests. According to reports from all sections of the mountains the manufacture of "moonshine" is rapidly on the increase, due to the high prices prevailing for the product. Officers are making a determined effort to put down the manufacture and traffic in whiskey. Ten or twelve "moonshine" stills have been destroyed in Letcher county within the past week.

MISS CLAY AT HEAD OF NEW MOVEMENT

Headed by Miss Laura Clay, former President of the Kentucky Equal Rights Association, four leading suffrage workers of the South who recently severed connection with the original suffrage movement because of their belief that the Susan B. Anthony amendment involved invasion of state rights, have set up independent headquarters in Lexington and issued a notice to the public demanding submission to the people of a state amendment by the next General Assembly.

The public announcement, which the women declare is the first step to obtain the ballot through state rather than national action, asserts that "the majority of suffragists in America never have asked for woman suffrage by national amendment." A comparatively few associations which never have expressed the will of the mass of suffragists, "by propaganda and lobbies obtained the submission of the Anthony so-called amendment," the statement adds.

LATEST OIL NEWS

Another "gusher" has been brought in on the Beatty Heirs tract in Lee county by the Thruman Oil Company and the Capital Oil Company, operating this lease jointly. The new strike is No. 3 and is reported to be good for 500 barrels or better. The oil rose 400 feet in the hole, at the first turn of the screw. Those who saw the new well when it came in asserts that it is equally as good as No. 1 on the same tract, which flowed at the rate of 40 barrels an hour and has been producing considerably over 500 barrels a day ever since.
Hudson & Collins, of Lexington, have another good one in their No. 4 on the St. John tract, which is estimated at 75 barrels.
The Coalman's Oil Company, recently organized at Winchester, has brought in its initial well on the Morpheus lease in Allen county. The new well is rated at from 100 to 150 barrels. Other wells will be drilled at once. The tract controlled by the company comprises 175 acres and it has its own pipe line for the delivery of oil.
The Laurel Oil & Gas Company has a nice producer in its No. 2 on the E. G. B. Mann lease in Lee county, which is rated at 40 barrels.
The initial well being drilled by the Northern Lee Oil Company, on the Sewell Taulbee farm in Breathitt is reported to be down 200 feet in the sand with no showing of oil or gas.

HUNS PREPARING FOR ALLIED ADVANCE

(By Associated Press)
Paris, June 12—Belief is increasing in peace conference circles that the reply to the German counter proposals will not be delivered before Saturday night. Five days is fixed as a limit for the Germans to decide on their course.

While the Council of Four may grant minor concessions, it appears there will be no changes which will lighten the burden placed on Germany by the treaty of May 7th.

Meanwhile a Coblenz dispatch recites that the Germans are withdrawing materials from the territories east of the allied bridgeheads and retiring a considerable distance east of the ground held by the allies on the east bank of the Rhine. There is a disposition also of the German civil population to be prepared for an allied advance into Germany.

(By Associated Press)
Washington, June 12—Senator Knox's resolution to put the Senate on record against accepting the League of Nations in the terms of the peace treaty, was reported today in an amended form by the Senate Foreign Relations Committee, which eliminated the section of the resolution by which the United States, when the peace of Europe again became threatened would co-operate to remove such a menace.

Colored Woman Kills Husband

At Winchester Wednesday, following domestic difficulties, Geo. Jackson, negro, was shot to death by his wife, Alice Jackson, at their house near the C. & O. bridge. Jackson, who was about 24 years old and a hod carrier by profession, was arrested upon the complaint of his better-half between noon and one o'clock and was recognized to appear for trial Thursday evening at 7 o'clock. At this time several of the officials remarked that if he returned his wife would kill him. Nothing daunted by their forebodings he returned to his home and the shooting occurred. Neighbors said that several shots were fired. When the police officials arrived the woman was in a state of hysteria. She was lodged in jail to await an examining trial.

John Smelling, 50 years old, was found dead at his home at Maysville. His death was due to the excessive heat, according to the coroner's verdict.
R. H. Ammerman, 68, died at his home in Cynthia Tuesday. He is survived by his wife, Mrs. Louella Ammerman and two sons, Kirtley and Sidney Ammerman.
Announcement was made at Lexington that the Liggett and Myers Tobacco Company will move its twist plant from Lexington to Huntington, W. Va., where the company owns a building. Practically all of its 200 employees will go to Huntington with the factory.
A dispatch from Hopkinsville says that at least 2,000 laborers are needed in the wheat fields of Christian County this week to prevent damage to the wheat crop. Farmers were offering as high as \$3 a day. They appealed to the authorities for a strict enforcement of the law against vagrancy and loafing.
The champion Holstein cow, Rollo Mercena de Kel, was sold at Philadelphia for \$26,000 at an auction of pedigreed cattle in connection with the annual convention of the Holstein-Friesian Association late last week. Her record is 51.93 pounds of butter and 1.138 pounds of milk in seven days. She was sold to the Coldstream Farms, of Lexington, Ky. A daughter, Glenotter Rollo de Kel, brought \$7,100.
The Caldwell county grand jury has returned a indictment against the county Judge and Magistrates of this county. The judge has been indicted as road commissioner on charge of failing to keep the roads in proper condition, while the magistrates are charged with having used the money for roads for purposes other than that for which it was collected.

EVANS TO HEAD BOY SCOUT DRIVE

Mayor L. P. Evans received a telegram from former Secretary of Treasury William G. McAdoo, appointing him chairman for Madison county in the Boy Scout drive.

In America there are 10,000,000 boys between the ages of 12 and 21 who should be given the benefit of Boy Scout discipline, training and practice.

The membership of the Boy Scouts of America today is 375,000. This is so small in proportion of 10,000,000 that the week of June 8th to 14th inclusive, by proclamation of President Wilson has been set apart for the purpose of enlarging and strengthening the Boy Scout organization. This week is to be known the country over as Boy Scout Week.

During Boy Scout Week it will be the effort of an organization of patriotic men and women, known as the Citizens' National Committee, and headed by Hon. W. G. McAdoo, to enroll one million associate members of the National Council Boy Scouts of America.

The membership fee is \$1 and as much more as the associate member is disposed to pay.

The money received in membership fees is to be expended for the work of extending the movement of the Boy Scouts of America, which is to say that many more of the 10,000,000 of these great United States than now are to have the benefit of the discipline, training and practice, that enable the Boy Scouts of America to render such valuable and conspicuous service in the activities of the world war, in which our great country furnished the forces that terminated the conflict, destroying the rule of the murderous Kaiser, and forever subduing the Hun in his quest for empire.

It should be a source of great satisfaction and gratification to all fathers and mothers in this wonderful land to see their sons in the uniform of the Boy Scouts of America. That uniform spells better manhood. It is the garb of intelligence, integrity and freedom.

Hon. Thomas A. Combs, of Lexington, is the state director of the drive in the 56 counties of Kentucky, which are in the fourth Federal District, and his executive committee is composed of Messrs. C. N. Manning, Desha Breckinridge, James B. Hall, Geo. K. Graves, Henry T. Duncan, and Harry Giovannoli, of Lexington, while Thomas B. Cromwell, of Lexington, is director of publicity.

ZARING GETS WHEAT BAGS FROM INDIA

Last fall when the patriotic call was made for farmers to put in increased acreage of wheat Madison county went over the top by putting in the largest acreage of wheat that was ever sown in this county.

Weather conditions have been such that the wheat has passed through the winter in excellent shape and is now entering the harvesting period. Cutting will begin in a few days. In anticipation of this big crop of wheat, Zaring's Mill bought 50,000 yards of Burlap in Calcutta, India and had it brought over on the steamship Keifuku Maru to New York, where it was made into wheat bags which were then shipped here to Richmond, arriving Wednesday. Zaring's Mill has also installed an electric sack patching machine, so as to keep all holes in the wheat sacks patched up, thereby helping the farmers save their wheat. Every bushel of wheat saved will make that much more food for the starving people of Europe.

EFFORT TO KILL TOBACCO CENSUS

Obstacles are in the path of those tobacco manufacturers whose purpose is to have Congress repeal the Cantrill tobacco census law. That fact was established following conferences that Representative J. Campbell Cantrill had with Commissioner of Internal Revenue Daniel C. Roper and Director of Census S. L. Rogers at Washington this week.
A few days ago the National Cigar Leaf Tobacco Association held its annual convention in Lancaster, Pa. This organization is made up of entirely of manufacturers and therefore interests of tobacco growers were not especially considered. A resolution was adopted by the association calling for repeal of the Cantrill law, which has been in the statute books for seven years. It is well known the Cantrill act was drawn for the protection of tobacco growers, and it has fully accomplished the purpose for which it was drawn. It has largely increased the price of raw leaf tobacco and has brought great prosperity to tobacco growers in all parts of the country. It is not to be wondered at, in view of these circumstances, it is pointed out, that some tobacco manufacturers are anxious to obtain repeal of the law, which would take away from the farmers the protection it gives them, and to return to the old days when growers were forced to dispose of their tobacco without adequate return.

Resolutions as adopted by the Cigar Manufacturers' Association demand that the Cantrill act be repealed and that reports of stocks on hand be made direct to the Commissioner of Internal Revenue, but do not provide that stocks shall be reported to the Commissioner of Internal Revenue by types.

Every grower, according to Mr. Cantrill, knows that unless the report of stocks is made by the different types of tobacco, the report is utterly worthless so far as growers are concerned, for instance, growers of white Burley of each distinctive type are primarily interested in the number of pounds of the type they grow, and to repeal the Cantrill act and adopt the plan urged by the cigar association would, in the opinion of well-informed persons here, ruin the purpose of the Cantrill act.
Mr. Cantrill had a long conference with Commissioner Roper and pointed out danger to the farmer in repealing this act. After considering the matter carefully, Commissioner Roper told Mr. Cantrill he had no desire whatever to take away from the Census Bureau the execution of the Cantrill tobacco census law, and that so far as his department is concerned, it would oppose its repeal.

ENSIGN BRITTAIN GOES ON KROONLAND

Ensign Thomas Baldwin Brittain, U. S. Navy, who is at the home of his grand parents, Mr. and Mrs. Thomas E. Baldwin here, for a leave of absence of three weeks before reporting for duty on board the U. S. transport graduated from the U. S. Naval Academy June 6th, Secretary of Navy Daniels delivered the graduating address and handed the young officers their diplomas, but in the case of Ensign Brittain, the Secretary courteously permitted him to receive his diploma from the hand of his father, Rear Admiral Carlo B. Brittain, who occupied a seat on the rostrum with the flag officers of the fleet, members of Congress and distinguished civilians. Mrs. Brittain was an interested spectator at the ceremonies, being a guest of the Superintendent of the Naval Academy for the occasion.

As an officer of the Kroonland, Ensign Brittain will have the opportunity to make several trips to France, bringing home Uncle Sam's returning soldiers, and so he will begin at once to take up the responsible duties of a naval officer. As Midshipman during the past year, he was Captain of one of the sixteen companies of the Naval Academy Regiment, and in the competitive work covering the entire year, his company, stood third in efficiency, which indicates that the Ensign had officer-like qualities and the happy faculty of successful leadership.

Rear Admiral and Mrs. Brittain and Baldwin Brittain are well known in Richmond and Madison county and their many friends wish for the young man the success in the navy that has attended his father.

PYTHIANS ELECT OFFICERS

Chenault-Stoll

The Lexington Leader had the following of the wedding of Miss Talitha Chenault, daughter of Mr. and Mrs. O. H. Chenault, formerly of Richmond, to Mr. John C. Stoll, which will be of interest to the many friends and relatives of the bride's family here:

The marriage of Miss Talitha Chenault to Mr. John C. Stoll was solemnized Wednesday at the home of the bride's parents, Mr. and Mrs. O. H. Chenault, on Ashland avenue. Rev. J. W. Porter was the officiating minister and only the immediate families were present.

The brightness of the June day, the lovely home and perfect decorations made a rare scene of beauty for the nuptial celebration. The place of ceremony was the drawing room which was all in white and green, with baskets of June lilies and magnificent white peonies all about and an altar made in front of the white mantel with tall white and gold willow vases of the white blossoms resting on the floor and extending to the vases and bowls of white peonies on the mantle, clusters of cathedral candles and

green foliage. The hall, dining room, sun parlor, living room and library were all in pale pink and blue with Dorothy Perkins roses and delphinium in willow and silver baskets, bowls and vases in loveliest profusion.

The wedding music was played by Mrs. Acosta at the piano and Mrs. Alexander with her violin and the bride and bridegroom entered together and stood at the altar before the waiting minister for the eloquent marriage service.

The bride wore a dainty costume of white tricolette silk, heavily and richly embroidered and a white georgette crepe hat, also with a touch of embroidery. She carried a bouquet of white orchids and lilies of the valley tied with white tulle.

After the ceremony and congratulations the wedding breakfast was served, the bride's table being in the dining room and small tables in the sun parlor and living room. The bride's table was adorned with a white and gold basket of white sweet peas at the top, pale pink roses at the base, the handle tied with white tulle

caught with the pink rosebuds. The same cards, bonbons, ices and cakes of the elaborate menu served were in bridal emblem designs. With the bride and bridegroom there were seated at the table, Miss Elizabeth Chenault, Mr. and Mrs. James Thompson, of Bourbon county, Mr. and Mrs. Frazer LeBus, of Cynthiana, Miss Margaret Stoll.

Later the bridal couple left for a trip to Chicago and Les Cheneaux, Mich., and upon their return will go to housekeeping at Mr. Stoll's home on West Third street.

The gifts were to be seen in the upper hall which was decorated with basket of field daisies, and one seldom sees so elegant a collection of silver, Sevres ware, crystal, china, pictures, sconces, silver service with tray great chest of flat silver, set of silver baskets, trays, dishes, bowls, other rare objects of use and ornament.

The marriage is a notable event in Kentucky society. The bride is the second of the trio of charming daughters of Mr. and Mrs. Chenault, and is admired for her beauty and unusual attractions. She was educated in the East, with two years abroad in finishing school in Rome and since making her debut has been a belle in the social world.

Mr. Stoll is one of Lexington's most prominent men of affairs, having represented this city for two terms in the Kentucky Legislature, is president of the Lexington Water Works, the Phoenix Hotel Company and the Lexington Leader Company. He is the son of Mrs. Richard P. Stoll and his father, the late Richard P. Stoll, was a famously successful banker and business man.

The guests were received by Mr. and Mrs. Chenault and the bride's devoted aunt, Mrs. Sarah McCann Elmore. Among the other members of the two families present were: Mrs. Richard P. Stoll, Mr. Richard C. Stoll, Mr. and Mrs. William Stoll, Mr. and Mrs. James W. Thompson, Mr. and Mrs. Frazer LeBus, Miss Margaret Stoll, Miss Elizabeth Chenault, little Miss Helen Stoll, Mrs. Thomas Chenault, of Richmond, Ky.; Mr. and Mrs. William Stoll, Mr. and Mrs. William E. McCann, Mr. and Mrs. Christopher D. Chenault, Mr. and Mrs. Robert Brown, Miss Martha Lawson Brown, Mr. William D. Watts, Mr. and Mrs. Thomson Bryant, Mr. Thomas McCown, of Richmond.

Miss Cynthia Davison is at home from Stanford.

Miss Eva Roberts visited friends at Ravenna, Tuesday.

Mr. Earl Savage has returned from Battle Creek, Michigan.

Mr. Harry Cockrell, of Irvine, was a visitor here Tuesday.

Dr. and Mrs. C. E. Smoot were visitors in Lexington, Tuesday.

Miss Stella Sparks, of Huntington, W. Va., is the guest of Miss Mollie Powell.

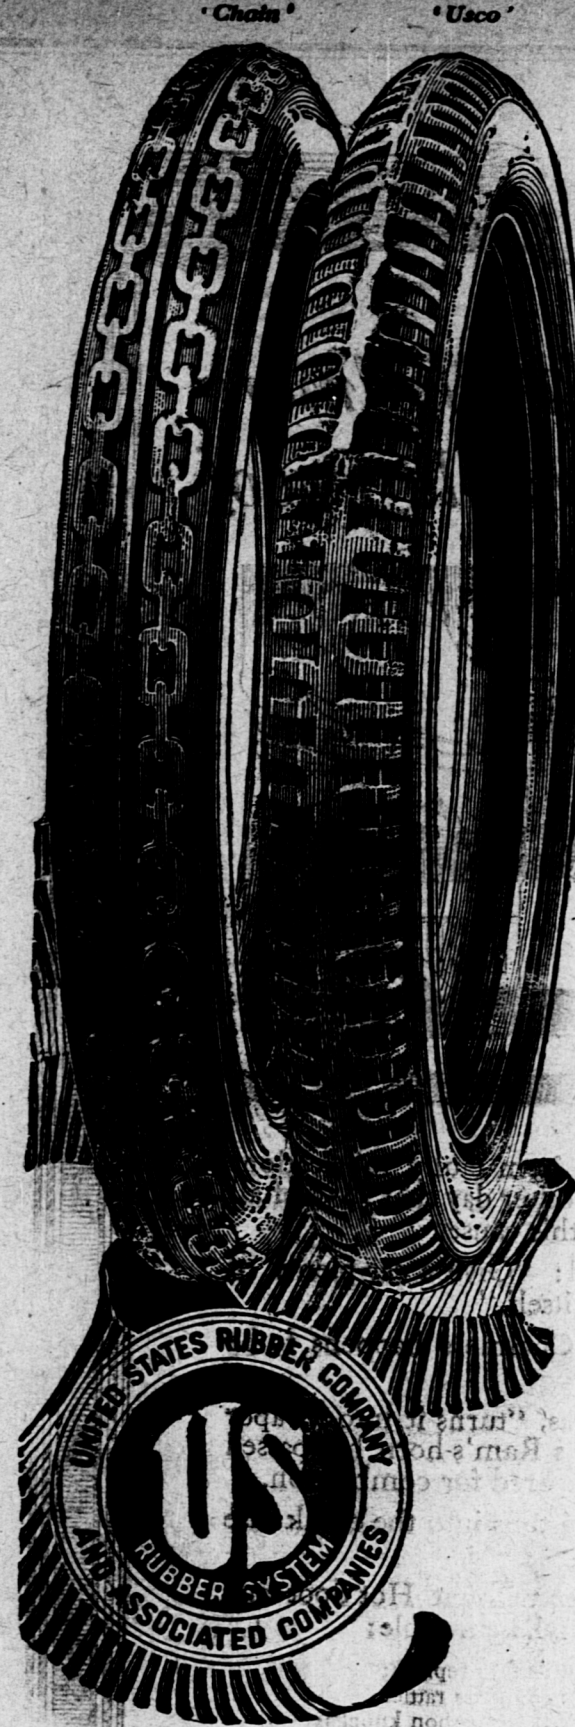

Gallus? Peel It Off Quickly!

Nothing On Earth Like "Gels-It" For Corns and Calluses.

A spot of thickened skin on the bottom of your foot which so often makes walking an agony, is as easily removed by wonderful "Gels-It" as

Callus Comes Off Like Banana Peel! any hard or soft corn anywhere on your foot. Look at this picture. A few drops of "Gels-It" did the work. The callus comes loose from the true flesh. No irritation whatever! You peel the callus right off just like a banana peel—peacefully, painlessly. "Gels-It" does the same thing to any corn, without the use of sticky plasters, irritating salves, greasy ointments or bandaging tape. There's no "raising" or "killing" no scalping to use. "Gels-It" is used by millions, because it's common sense, and it never fails. Try it, prove it. "Gels-It" is the guaranteed, money back corn-remover, the only sure way, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill. Why a HOT SPOT Chalmers is Well Nigh Trouble Proof

MOST troubles in a car come from faulty lubrication. An authority remarked the other day that 75% of all troubles could be traced to this cause.

A former professor at Yale said: "Give a car plenty of lubrication and it will take care of itself."

Now here's how the Hot Spot Chalmers happens to be free of lubrication ailments.

Hot Spot "heats up" the raw gas, "turns it into a vapor cloud," so that when the ingenious Ram's-horn has passed it on to the cylinders it's finely prepared for combustion.

No raw gas runs down past the pistons into the crank case to thin out the lubricating oil.

In engines of the old type—those without Hot Spot and Ram's-horn—raw gas has caused endless trouble:

- burned bearings that cost a great deal to replace;
- excessive vibration that develops countless rattles;
- engine knocks that are often taken for carbon knocks;
- overheated engines.

Such things you rarely experience in a Chalmers and then only through extreme personal carelessness.

See the modern engine in the modern car—the Hot Spot Chalmers, one of the few great cars of the world.

BLUE GRASS SHOULD NOT BE STRIPPED GREEN

Kentucky produced an exceptionally fine crop of blue-grass seeds in 1918, averaging according to the tests made in the Seed Laboratory of the Kentucky Experiment Station 70 per cent germination and in some cases reaching as high as 98 per cent. A good season helped, but care in curing the rather small crop was largely the cause for the decided improvement in quality of the seeds offered in the Kentucky market.

One of the difficulties in curing properly comes from a failure to

secure enough strippers in good season so as to be able to wait until the crop is ripe. With only a few strippers on hand it is necessary to begin stripping while the seeds are green in order to secure the crop. Green seeds always heat badly in curing and lower the average germination. The Experiment Station suggests that those who have seeds to harvest get ready at once by securing all strippers they will need, then wait until the seeds are ripe. Kentucky must adopt such means seeds of she hopes to compete with Missouri. Kentucky Station Bulletin No. 198 gives information on curing and should be read by those who expect to handle seeds this year.

HAIL HURT WHEAT AT SILVER CREEK

The severe hail storm which did so much damage in the Lincoln-Boyle sections Monday, didn't get far up into Madison, but it got in some of its work in the Silver Creek section. Tom Baldwin, Jr. was perhaps the principal sufferer, his wheat having been hammered fearfully by the icy pellets. Other farmers in the same section had gardens damaged and sustained other losses. Remarkable to say, it did not even rain in Richmond or its immediate vicinity that day.

In the principal zone of damage losses were very heavy. The Danville Messenger says that the storm of hail and wind began in Casey county about three miles west of Hustonville. Its path was about three miles wide. Wheat, hemp, and other crops were laid flat. Hail covered the ground in places to a depth of 2 or 3 inches. Lambs, pigs and chickens were killed; houses and barns unroofed; silos blown down; many roads were made impassable, so many trees uprooted and had fallen across them. Hundreds and hundreds of acres of wheat are apparently ruined.

Judge T. A. Rice, of Lincoln, a former Madisonian, had a tobacco barn blown down. A barn was blown down on the Bishop farm, part of the roof of the Hustonville Christian church blown off; roof blown from residence of J.

HOW RHEUMATISM BEGIN

The excruciating agonies of rheumatism are usually the result of failure of the kidneys to expel poisons from the system. If the irritation of these uric acid crystals is allowed to continue, incurable bladder or kidney disease may result. Attend to it at once. Don't resort to temporary relief. The sick kidneys must be restored to health by the use of some startling remedy which will prevent a return of the disease.

Get some GOLD MEDAL Haaren Oil Capsules immediately. They have brought back the joys of life to countless thousands of sufferers from rheumatism, lame back, lumbago, sciatica, gall stones, gravel and other affections of the kidneys, liver, stomach, bladder and allied organs.

They will attack the poisons at once, clear out the kidneys and urinary tract and the soothing healing oils and herbs will restore the inflamed tissues and organs to normal health.

All others are imitations. Ask for GOLD MEDAL, and be sure the GOLD MEDAL is on the box. Sizes, at all good druggists.

LAND SALE

The undersigned, as executor of Miss Nannie Ballard, deceased, will, pursuant to the direction of her last will and testament, on

June 18-10 a. m.

on the premises, sell to the highest and best bidder, her farm located at Calest, five miles from Richmond on the Richmond and Lancaster pike, and nine miles from Berea.

Farm consists of 162 Acres

and is sold subject to survey. It is in the best section of Madison county and is all Blue Grass land. It is improved by a dwelling and combination stock and tobacco barn. Said farm is rented for the year 1919, and 20 acres are in corn and tobacco and 42 acres in wheat and the balance in blue grass and clover. The wheat land is sown in timothy and clover.

Possession of said premises will be given January 1, but the purchaser will be granted the right to enter upon said premises at any time after the sale for the purpose of making any improvements he may desire upon said property, and also in the fall for the purpose of sowing small grain after corn and tobacco have been cut.

The terms of the sale will be to suit the purchaser, either all in cash or liberal credits, same to be announced on the day of the sale, but any purchaser will be required to give bond with good security, to perform the contract of purchase on the day of sale.
